Chapel

Say your "I Do's" in the newly built chapel, with its earthy, sophisticated architecture. Large windows blend the inside and outside. While promising your eternal love and devotion, antelope may come to witness this. The silence of nature has so much to say. Listen to the Bushveld grass' tranquil whispers to the dancing trees.

Reception

Adjacent to the chapel, join your guests for a wedding reception that will satisfy all your senses. If you love comfort, luxury, and tranquillity – there's no need to compromise on any. Our experienced chef will ensure that your guests rave about the fresh cuisine made to perfection.
